

### **Tigger:**

Tigger is a Siamese / Russian Blue mixed cat from a litter of three. According to Tigger's "human" mother, Tigger's "cat" sister was killed by dogs and it is believed that his "cat" brother was "picked up" or killed as well.

Tragically, Tigger's "human" mother was killed by her boyfriend. The boyfriend also killed the mother's son, raped the daughter, and later returned to attack the surviving son. Convicted on seventeen counts ranging from murder with use of a deadly weapon to sexual assault with a child under the age of fourteen, the convicted boyfriend received the death penalty for the son's murder and life without the possibility of parole for the mother's murder. Luckily for Tigger, he was adopted by the "Staff" at about age one month and was able to leave that household.

### **Bennie:**

Bennie is a domestic Bengal cat. However, based on his manners you would never guess such quality stock runs in his family. While Tigger is quiet, Bennie squawks. While Tigger tip toes around the house, Bennie is jumping and bouncing. In short, Bennie is like "night" and "day" compared to Tigger and he provides Tigger with some daily exercise.

### **Human Staff:**

The human staff consists of one person, who shall be referred to as TNB herein. While in high school, TNB purchased a Pentax K1000 film camera and enrolled in a photography class. The next semester he student taught the class and was introduced to a well-known professional photographer in the hopes of learning color development and developing a technique of his own. However, the well-known photographer died before TNB could build any solid foundation in photography.

Upon graduating from high school, the drilling rigs called upon TNB whenever possible since the drilling companies paid quite well for someone just out of high school. After about 1.5 years in the oil and gas industry, TNB left the private sector for the U.S. Army. Four years later and upon completion of the first enlistment, TNB became a state-certified police officer. Unsatisfied in local law enforcement, TNB

enrolled in and attended the state university until being reactivated. Eventually, TNB finished his Bachelor of Arts degree in International Studies and later received a Juris Doctor in Law.

More recently, TNB has rekindled his interest in photography since he can co-mingle photography into a wide range of hobbies and activities. For example, TNB has been published numerous times and has used photography to record and report events. Furthermore, TNB believes that the First Amendment to the United States Constitution is “first” for a reason and hopes that its protections cease to get eroded as more and more “rights” tend to become “privileges” which are taken away. After all, some may claim that the pen is mightier than the sword; however, others also assert that a photo is worth a 1000 words.

Member organizations include the National Press Photographers Association, Nevada Camera Club, Veterans of Foreign Wars, and 82<sup>nd</sup> Airborne Association.
